2. Please revise to ensure that the information you include in your summary is balanced. To the extent that you cite competitive strengths in your summary, please revise as necessary to provide balanced information, such as the indebtedness to be incurred in connection with the spin-off and any benefits that will be lost following the spin-off.
Organizational Structure, page 5

3. For clarity and context, please include a graphic depiction and brief accompanying narrative of the corporate structure after the separation that includes the roles and ownership of FIG LLC, Fortress Investment Group LLC and the Fortress entities.

4. Please briefly describe any material negative factors that the board considered when determining whether to engage in the spin-off transaction or advise.

Risk Factors

Risks Related to Our Business

The COVID-19 pandemic has severely disrupted the global economy...., page 18

5. In light of the time that has passed since the initial outbreak of the novel COVID-

19 pandemic in December 2019, please revise this risk factor to specifically discuss the

impact that the COVID-19 pandemic has had on your business to date, rather than

presenting such risks as hypothetical. In this regard, please revise to clarify that COVID-

19 has impacted you in 2020 and 2021 and disclose any material effects of COVID-19 on

your business, financial condition and results of operations. For instance, we note your

disclosure elsewhere in the filing indicating that the pandemic negatively affected refining

volumes in 2020 and 2021 and that you have seen the impact starting to normalize and

that you expect refining volumes to return to normal by 2022. Please quantify the impact

on your revenues and any COVID-related costs incurred. Also, discuss what management

expects the pandemic's future impact will be, how management is responding to evolving

events, and how it is planning for COVID-19-related uncertainties.

Please make

conforming changes to your Management's Discussion and Analysis of Financial

Condition and Results of Operations section. For guidance, consider the Division of

Corporation Finance's Disclosure Guidance: Topic Nos. 9 and 9A, available on our public

website.

Our Spin-Off from FTAI, page 41

6. We note your disclosure throughout that the terms of your key agreements and the

agreements related to your separation from FTAI, including the Separation and

Distribution Agreement and the Management Agreement, may not reflect terms that

would have resulted from arm's-length negotiations among unaffiliated third-

parties. Please revise to add a new, subsection disclosing the background of the spin-

off to explain how it was decided to explore the separation of the infrastructure business

into a newly-created and separately-traded public company. Include disclosures related

to how the material terms of the spin-off were determined, including, but not limited to:

the ancillary agreements, the merger, internal reorganization and the New Financing.

7. Disclose whether the board of directors considered alternatives to the spin-off transaction

and, if so, why those alternatives were rejected.

Conditions to the Distribution, page 45

8. Please refer to the disclosure on page 100 that "the Separation and Distribution Agreement

will provide that the distribution is subject to several conditions that must be satisfied or

waived by FTAI in its sole discretion" and revise the disclosure on page 45 and in the

Summary to disclose the conditions that FTAI may waive in its sole

discretion and discuss
any material consequences to stockholders if FTAI waives any
conditions and proceeds
with the spin-off.

crude marketing
revenue of \$157.9 million due to Jefferson Terminal exiting the crude
marketing strategy
in the fourth quarter of 2019. Please revise to provide a more
substantive discussion on
this change and how it impacted results.

Forum Selection Clause, page 105

12. We note that your bylaws contain a forum selection provision that
identifies the Court of
Chancery of the State of Delaware as the exclusive forum for certain
litigation, including
any "derivative action." Please disclose whether this provision
applies to actions arising
under the Securities Act or Exchange Act. In that regard, we note that
Section 27 of the
Exchange Act creates exclusive federal jurisdiction over all suits

duty or liability created by the Exchange Act or the rules and
regulations thereunder, and
Section 22 of the Securities Act creates concurrent jurisdiction for
federal and state courts
over all suits brought to enforce any duty or liability created by the
Securities Act or the
rules and regulations thereunder. If the provision applies to
Securities Act claims, please
also revise your registration statement to state that there is
uncertainty as to whether a
court would enforce such provision and that investors cannot waive
compliance with the
federal securities laws and the rules and regulations thereunder. If
this provision does not
apply to actions arising under the Securities Act or Exchange Act,
please also ensure that
the exclusive forum provision in the governing documents states this
clearly, or tell us
how you will inform investors in future filings that the provision
does not apply to any
actions arising under the Securities Act or Exchange Act. Finally,
please be certain your
risk factor disclosure includes the risks that your exclusive forum
provision may result in
increased costs for investors to bring a claim and that the provision
can discourage claims
or limit investors' ability to bring a claim in a judicial forum that
they find favorable.
